

Setting Up Apple Pay

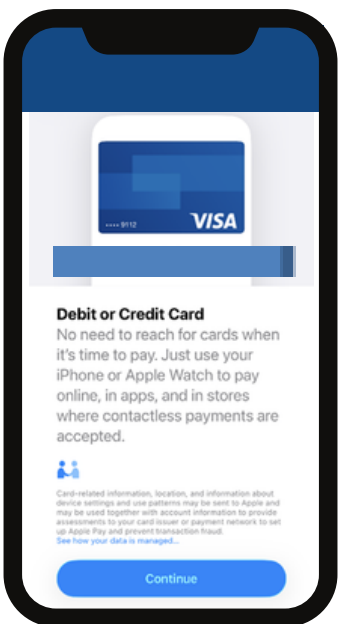

1 Launch the Wallet app from your Home screen

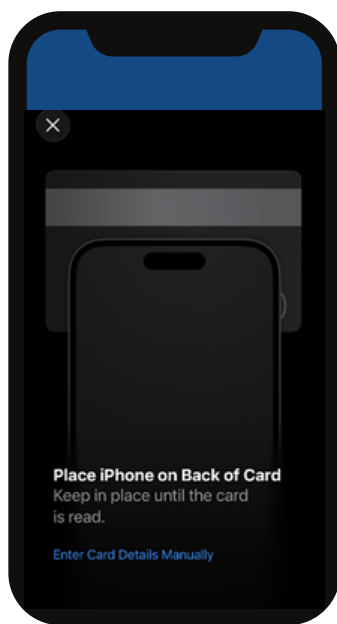

2 Tap on the **+** button. It should be in the top right corner of the screen

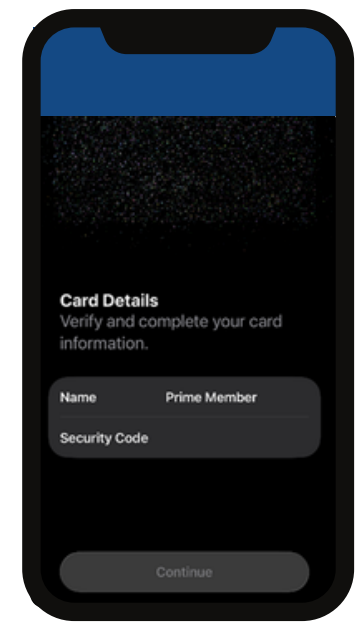

3 Tap Debit or Credit Card to add your card to the Wallet

4 Click Continue

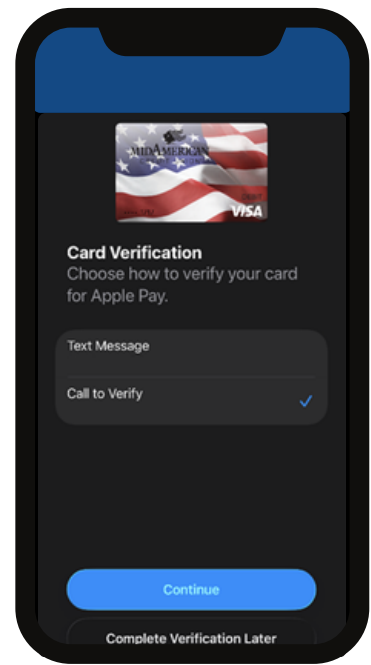

5 Place iPhone on back of card until the card is read, or enter manually

6 Verify and complete your card, enter security code

7 Tap Agree to accept the Terms and Conditions

8 Tap how to verify your card, then **Continue**

9 Pay with Passcode

Miscellaneous Notes:

- Make sure that you sign in to iCloud on all your devices.
- On your iOS device, you need to set up Face ID, Touch ID, or passcode.
- On your Apple Watch, you need to set up a passcode.
- If you sign out of iCloud or remove your passcode, all credit, debit, prepaid, and transit cards will be removed from that device.
- If you are having a problem with this, make sure you are signed into iCloud.
